

Funding and Referral Information

We provide services for individuals that are eligible through the Ministry of Children and Family Development (MCFD) and Community Living BC (CLBC).

Referrals should be made through a local MCFD Social Worker or a CLBC Facilitator and need approval before services can begin.

We respectfully acknowledge and are grateful to live, work and be in relation with people from across many traditional and unceded territories, covering many regions of British Columbia.

GreenTree has been life changing for our family. As my husband and I inched toward caregiver burnout, we had the amazing opportunity to engage GreenTree for respite for our son. The staff have been wonderful – knowing our son has been cared for with such love patience and kindness has changed our lives. He is happy and content when he comes home from GreenTree and as parents there is no greater peace than that.

GreenTree has not only cared beautifully for our loved one but has also given our family the ability to rest, hope and breathe again. His life has been enriched and we are deeply grateful.
Joan M.

GREENTREE

Community Inclusion Programs

OUR PHILOSOPHY

We believe everyone has the ability to thrive in their environment and community when provided with the right support and opportunities.

OUR MISSION

We are a full-service organization seeking to provide person-centred care and innovative solutions for persons served with diversabilities.

We believe that by providing barrier-free support services we can assist people with diversabilities to thrive in their environment and community.

WHAT WE DO

Our programs are uniquely tailored to the individuals we serve to promote independence and healthy living.

Specialized Long-Term Care

Specialized Long-Term Care services provide a safe and nurturing environment for children or youth in-care that require higher levels of supervision and support.

Respite

Respite Care is a family preservation service designed to meet the needs of families, foster parents or homeshare providers caring for individuals with complex needs. It provides caregivers with a temporary break from the emotional and physical demands of caregiving to maintain or improve overall family function and well-being.

WHO WE ARE

We strive to be leaders in the delivery of community-based social services while enhancing the lives of the diverse people we serve.

GreenTree has been in business for over 20+ years and is owned by second generation caregivers that saw room for improvement within the social service sector.

We share a **home**, not a location. We help **people**, not clients. We provide **love** and **compassion**, not work.

As an equity employer we welcome all individuals who may contribute to the diversity of our workplace.

This includes persons with disabilities, all persons of colour including Black, First Nations, Indigenous, Inuit, and Metis, and people of all sexual orientations and genders.
